Videos & Movies Download & Play One of the best parts of our App is that it offers free access to HD full movies. It collects and classifies all the movies from a variety of sites, including classic Bollywood movies and latest Hollywood movies, all of which are available for free download. The better blessing in movie section are the functions on each movie's page entitled "People who liked this also liked..." and "same actors", which help to explore movies of the same or a similar genre. In this way, it saves a lot of time searching and choosing from online complicated movie lists. If you are not sure about whether the movie is what exactly your preference, click into the page and we provide brief introductions and trailers for more detail information. Specially, when any new movies get a touched base on the platform, it will advise and recommend to the individuals. Experience VidMate latest version which provides you not only fast and smooth download experiences but also smoother watching experiences. Music Download & Play For people who love listening to music, VidMate music not only save time from switching among different music apps, but also supports High quality (256kbps) mp3 format download for YT and several million albums and songs for free. The download speed is one of the best in its industry. With the high speed and countless resources, it is undoubtedly your best music player in your phone and you may even set any songs or sound you prefer as your phone ringtone. Live TV programs and series Over 200 channels are available including Zee TV, Star World, Channel V and Sahara Online. Collecting a wide range of TV shows in different language, including comedies, realities and other genres, Vidmateapp.com is undoubtedly a paradise for people who love watching TV shows. From comedies to documentaries, all the TV shows are updated frequently and smoothly. You may watch it online or offline at any time anywhere, like when you are waiting a bus at the bus stop or taking the train back home. Personalized Feeds Select your favorable location and language and you can get specific recommendation thanks to the effective recommendation system.
